CCDA – Cross Country Drivers Association

The CCDA is a body of enthusiast four wheel drivers from throughout Australia, aimed at developing and promoting the sport of four wheel drive competitions from navigation events through to winch challenges and the like.

Our Goals and Objectives are as follows :

- Represent the view of the competitors with regard to legislation and event rules.
- Regulate the sport to ensure fairness within classes and safety at events.
- Promote and encourage more events through providing affordable insurance.
- Assist new people into the sport with entry level events and development programmes.
- Provide assistance in getting International teams to attend Australian events as well as helping our members attend overseas events.

The CCDA has prepared detailed Sporting Regulations (event rules) and Vehicle Specifications which outline vehicle modifications acceptable to classes. Members are kept up to date and have input to developments. A calendar is maintained detailing upcoming events and meetings throughout Australia.

Funds are generated through membership fees and CCDA hosted events such as the Vic Winch Challenge. These funds are used to pay high insurance premiums and campaign for the approval of specific vehicle modifications on public roads and in events, etc. No other body or authority cares for our specific interests and so it is vitally important that we have funds as well as having the backing of thousands of people throughout Australia. The committee is made up of volunteers all passionate about the direction and momentum of the sport. Our only hope is to have your support and the support of your four wheel driving friends.

There are many direct benefits you will receive by being a member. You will receive an official membership card with a membership number. This will entitle you to :

- Discounts at various 4WD stores on tyres, suspension and accessories.
- A quarterly newsletter with updates on rules, event news and event calendar.
- How/where to enter or spectate at events.
- Member discounts on the country's greatest choice of videos and DVDs of local and overseas events.
- Participation in CCDA sanctioned events.

Membership costs just \$40 per person and lasts up to 30st June of each year. We ask that every spectator, competitor and event marshal consider becoming a member. We also hope that anyone else interested in the future of four wheel drive competitions joins up and offers their support. You can join by sending in this form today. You will all need to be a member in advance of any sanctioned event.

In addition to your membership subscription, the \$40 annual membership fee also covers you with personal accident insurance whilst you are participating in any CCDA sanctioned activity.

More information and details about CCDA insurance are available from the CCDA web site at <http://CCDA.info> Copies of the rules and other documents are available in the “Downloads” section of the CCDA web site.

Remember, the more members we have the louder our voice is and the greater this exciting sport becomes.

Mike Smith
President – CCDA
